Kind notice is invited to the notification of 17th Feb'19 (Flag E). It will be seen ~~from this~~ that there is good reason for misconception. When this notification was withdrawn as in Flag B, it followed that restrictions by both road & rail were removed. The fact that the ~~Subsequent notification of Mr Macaulay was not removed~~ withdrawn does not help the case. Subsequent notification No 17591 of the same date, was not withdrawn does not help the case, as this notification is only a corollary to the previous one.

To meet the situation now, a fresh notification may be issued restricting booking of goods to frontier Railway stations.

FROM

K. MATTHAN ESQ., B. A.,
Food Controller and Director of Civil S

To

C. S. Balasundram Iyer, Esqr., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

I have the honor to forward herewith a copy of a letter received from the Traffic Manager, Mysore Railways, stating that in view of the Government Notification of the 1st December that the restrictions placed on the movement of Food Grains to and in the belt of ten miles at the frontier of the State have been withdrawn he has given instructions to stations on the Mysore Railway that food grains such as rice, etc., may be booked to frontier stations in the State without licenses from me. As soon as I received this letter I sent an express telegram as follows to the Traffic Manager.

" Your letter 22nd Booking of controlled food stuffs beyond Holalkere, Dodballapur and Bowringpet still prohibited. Please advise station masters concerned by wire"

I do not know whether a copy of the notification referred to by the Traffic Manager was forwarded to/by him Government. But it is incomprehensible

to me how he could have misunderstood a notification which refers only to road traffic as referring to traffic by rail which is covered by entirely different notifications. The action thus taken by the Traffic Manager furnishes an explanation for the persistent reports that have reached me that large quantities of food grains are being booked to frontier stations without priority certificates and it is no wonder that prices still show no tendency to go down.

There was a similar occurrence on the Mysore Railway last year. Although the Government issued a notification prohibiting the export of horse gram by rail without priority certificates large quantities were exported from stations on the Mysore Railway. This was discovered by me during my tours and reported to Government. I am not aware of the action taken on that report.

I have the honor to be

Sir,

Your most obedient servant,

Food Controller and Director
of Civil Supplies in Mysore.

Letter No.R.81/18 dated 22nd January 1920 from the Traffic Manager, Mysore State Railways, Mysore to the Food Controller and Director of Civil Supplies in Mysore.

Restrictions in booking food grains.

The Chief Secretary to the Government of Mysore notified in his Notification No. Camp G.423/P.P.6-19-154 dated the 1st December last that the restriction placed on the movement of food grains to and in the belt of 10 miles from the frontier of the state was withdrawn and our station were advised, that food grains such as rice etc., may be booked to frontier stations in the State without licenses from you. The Station Master, Madras and Southern Mahratta Railway, Davanegere, says, that he has instructions from you to the effect that licenses from you are necessary in the case of such bookings.

I shall be glad to know if what the station master Davanegere, says is correct and if so kindly send me a copy of the notification to enable me to issue instructions to the staff.

An early reply is requested.
